WHY OUR TMT PRACTICE IS SUITED TO THE TASK

We have a dynamic team of lawyers who possess extensive experience while advising our clients on TMT matters. We act for both customers and vendors and understand the perspectives of both parties. With such understanding we assist clients in providing solutions relevant to their needs and help manage their legal risks.

Our goal is to provide solutions that address your competitive positioning wherever you are doing your business, in a cost-effective manner. Our transactional strengths and practical experience speak for themselves. We can provide more detailed information of our strengths and experience upon request.

OUR TEAM

Datuk Dr Abdul Raman Saad

Managing Partner/Head TMT
dars@arsa.com.my

Datuk Dr Abdul Raman Saad holds an honours degree in Law from the National University of Singapore (formerly known as University of Singapore) in 1974, a Masters degree in Law (specialising in Electronic Law) from the University of Melbourne and a Doctorate degree (*Honoris Causa*) in Business Administration from Midwest Missouri University.

Admitted as an Advocate and Solicitor in West Malaysia in 1977, the Singapore Bar in 1995 and as a Solicitor for England and Wales in 2002, Datuk Dr Abdul Raman served the Malaysian Judicial and Legal Service for four and a half years in various capacities before embarking into private practice.

In 2000, Datuk Dr Abdul Raman completed an Executive Course at the Harvard Business School under the "Leading Professional Service Firms" programme and was a regular participant of the Islamic Legal Studies Program (ISLP) at the Harvard Law School from 2001 to 2004.

Datuk Dr Abdul Raman has over 50 years of experience in the legal industry spanning in the post as Magistrate, Federal Counsel/Deputy Public Prosecutor and as a legal practitioner covering diverse matters such as real estate, corporate and commercial laws, restructuring, corporate banking and finance, Islamic finance and sukuk, merger and acquisition and privatisation. He is now the Head of Technology, Media & Telecommunications (TMT) of ARSA.

His book, "Personal Data Privacy Protection" was published by Lexis Nexis/Malayan Law Journal in 2005. He also co-authored an article on "The Importance Of Due Diligence In Malaysia From The Perspective Of Securities Regulations Of Malaysia", published by Sweet and Maxwell (London) in "Due Diligence Law And Practice" by Christopher Davis (6th release, September 2001). He has also contributed numerous articles in various publications on Intellectual Property Collateralisation in Islamic Financing.

Sabreena Abdul Raman

Executive Partner
sabreena.raman@arsa.com.my

Sabreena Abdul Raman is currently the Resident Partner of ARSA Kuala Lumpur and heads the Financial Services Department.

Sabreena graduated with LLB. Hons (2nd Class Upper) from University of West England, Bristol, UK. She was admitted as a Barrister of the Honourable Society of Lincoln's Inn, in 2010 and admitted to the Malaysian Bar in 2011.

Sabreena has extensive experience in the areas of corporate banking as well as corporate and commercial advisory works.

She advises on TMT-related matters including drafting and negotiating the access agreements to be entered into between the telecommunications infrastructure providers and telecommunications operators. She also advised both local and international clients on data protection laws in Malaysia.

Nasyitah Ruzanna Abdul Raman

Partner

nasyitah@arsa.com.my

Puan Nasyitah Ruzanna Abdul Raman graduated with a Bachelor of Laws from Cardiff University in 2008. She was admitted as a Barrister of the Honourable Society of Lincoln's Inn, having been called to the Bar of England and Wales in July 2010.

She was admitted to the Malaysian Bar as an Advocate & Solicitor of the High Court of Malaya in October 2011.

Nasyitah is currently our Partner at ARSA (Abdul Raman Saad & Associates) with the Litigation Practice Group. Her main areas of practice are Corporate & Commercial litigation and the Technology, Media & Telecommunications (TMT) .

She has dealt with various technical and high value TMT disputes concerning provision of telecommunication and network facilities, construction and implementation of network facilities and infrastructure; procurement of hardware & software and other related telecommunications agreements.
